

The City of Los Angeles Green Business Program

January 26, 2015

Estérel and Riviera 31
Attention: Mr. Rex Umbay and Ms. Clotilde Lucet
8555 Beverly Boulevard
Los Angeles, CA 90048

Dear Rex and Clotilde,

Congratulations! Estérel and Riviera 31 are both officially certified by The City of Los Angeles as Green Businesses!

Estérel and Riviera 31 have met the green business standards set by The City and The California Green Business Network (CAGBN), which demonstrate that you run your businesses in a sustainable manner, both in policy and in practice. Thank you for being a leader in sustainability; you are a model for all other businesses in our great City and State.

The LA Green Business Program staff will help you maintain your certifications and assist in any future green efforts. Your certifications are good for three years from today; so they'll expire January 26, 2018. You have the option to re-certify at that time.

You'll be presented with a physical certification within 90 days. The electronic version is being emailed along with this letter.

Again, congratulations on your accomplishments!

Sustainably,

The City of Los Angeles Green Business Program Staff
